“ I had the pleasure of working with Debbie for 29 years. I still cannot wrap my head around what has transpired the past 2 weeks. She was one of the most dedicated workers you could find and she very rarely missed work. If she did, you knew it was for a good reason. Debbie was a die hard Nascar fan and we often talked about the races. She got me interested in the Beanie Babies way back when they were the craze. She got me involved in scrap booking and I always enjoyed seeing her books she had created for each of her children and grandchildren. I will miss receiving her Christmas card each year that she was kind enough to give to each employee of Economy Exterminators. She loved her family dearly and she will truly leave an

empty space in our hearts. Sending my thoughts and prayers to all who loved Debbie for strength to get through this difficult time.

“ It has been a true pleasure to work with you since August 1, 1986. One of my favorite pictures is with you, Pat Veeder, Cheryl Wood and Linda Brown on the front porch at the old office in Cary. You are one of the most dedicated and trustworthy people I have ever had the pleasure to work with. When our Mom and Dad were alive, you were one of what my Dad said "his girls" that took care of him when he was at the office. This also in turn took care of my Mom. I thought we had possibly more time with you after your diagnosis but God needed one more good one that day and he took you to Himself. Thank you for all the good times! You are a true Blessing to me and my family !!!

“ John your memory of my mother is very touching. You have been a very special person in my mom's life. Your support in the end was priceless. You are an amazing human being and the family thanks you from the bottom of our hearts. Your favorite, now my favorite, picture is now on my refrigerator to be seen by all. I will forever cherish it. You have also been a true blessing to our family and we thank you always.

“ I knew and worked with Debbie for only a short while. I always would comment about what pretty eye color she has and we would always see which color they would appear to be (green, blue, gray), changing with the color she would be wearing on any particular day. She was a hard and dedicated worker. She often spoke of her children and grandchildren and it was obvious that she loves you very much. I will always remember her infectious laughter and her fun sense of humor. She will be missed.

The pleasure has been mine Debbie Lee.
