“ I had the privilege of growing up on Ruskin Street and having Al as my neighbor during my childhood years. The Payton family-and Al in particular-brought the residents of Loisdale Estates both a sense of security and a touch of adventure.

Al took it upon himself to keep our neighborhood safe. He was always on the lookout for cars exceeding the 20 mph speed limit and never hesitated to march down his driveway, raise his hand, and question drivers about whether they understood the speed limit. He became the unofficial Ruskin Street safety patrol, keeping a watchful eye on unfamiliar pedestrians, drivers, and any suspicious activity.

Beyond his vigilant nature, Al had a fun and fascinating side. He spent countless hours outside, fully engaged in his many hobbies-whether working on his beautifully equipped van with the latest gadgets, tinkering with his boat and motorcycles, or watching Lisa and me try to perfect our shots on his basketball court. His dry sense of humor always kept me on my toes, as I never quite knew when he was joking.

Al's home was a reflection of his meticulous nature-impeccably organized and well-manicured, with everything always in its place.

Thank you, Al, for the wonderful childhood memories. You will be deeply missed.

*“ My husband, Keith McGraw, and I spent many fun- filled times over the years with Joan and Al. Al and Keith were cousins and grew up together in Arlington Va. Al had such a dry wit and was a great story teller. He was never off duty! I quickly learned that he didn't have a gun -- he had a "service weapon. He was the star of Barton Street when he arrived at his Aunt Harriet's house on a motor cycle and full dress uniform, and Harriet was the envy of all the ladies on the street. Such wonderful memories of time spent with two very special people. Love and prayers to Lisa and the rest of the family.*

*Carol, it was such a pleasure talking with you yesterday and reminiscing over stories with laughs and tears. My folks truly enjoyed their relationship and time with you and Keith. I especially appreciated learning more about Aunt Harriett and Dads earlier years. I hope you and Sue can make it to his service.*

“ Me and my Dad💙. At age 70 Dad wanted another motor. He had Mark test him out before his purchase. He and Mom were members of the Bay Thunder not only doing charitable rides, but also out west visiting the badlands, Devils Tower, Yellowstone and his cousins Dolly and Tommy in Red Lodge Montana.
