“ I just found this website, and i want to thank you all for your condolences. I miss my dad so much. I never got to say good bye to him, I was too scared to. I wish i had gotten to see him before he died.

My favorite memories of him are all of them, i will never forget him. A few weeks before the biggest tragedy in my life, he had made me a pink pancake, with a chocolate smiley face. I still remember the taste.

If my dad knew, no, he knows, that we all loved him, and still do. If i had gotten the chance to speak with him, no matter what it costs, i would take that opportunity.

“ I worked with David at the Dept. of Agriculture. He was a very sweet and dedicated man and always went out of his way to help others. He always spoke fondly of his wonderful wife and children. He will be greatly missed. I know he is in a special place at God's side. My prayers are with his wife and boys and all the people his life touched.

“ My heart goes out to Karen and the boys. No one could ask for a sweeter or a more kind nephew than David. He had such a love for people and would give the shirt off his back to help someone in need. His father would have been be so proud of him; for the sweet girl David married and the three beautiful boys they have together.

It doesn't seem so long ago that my brother, Willard, brought home this sweet, petite girl from Georgia named Carol, his newly wed wife. I remember how excited I was when I learned that I was going to have a nephew. He was so beautiful, that blonde, blue-eyed little boy.

We will miss him tremendously, but I know that one day we will all see each other again. I also know that David has had a joyous reunion with his dad, his Aunt Mary, and his grandmother. I am so grateful that we had a chance to visit in Raleigh in November and for the recent conversations on the phone. The last words I heard him speak were, "I love you Aunt Shirley". I love you too David, with all my heart.

“ We were doing a year-end inventory at the Henry Wurst plant in Apex. David volunteered to help out. He was in the warehouse counting paper rolls, when he climbed on top of a very high stack of rolls to get a better look at the labels. He fell behind the rolls from a distance of at least 15 feet, getting trapped between the paper rolls and a brick wall.. He never complained. Instead, he joked with his co-workers while patiently waiting for EMT's to come and pluck him out- all the while suffering a broken leg.

That is typical David Parker behavior. I hadn't seen him or Karen for several years, as we moved away in 2010. We always loved them and enjoyed getting together with them. Marie, Matt and I have said prayers to hopefully lift up Karen and the boys, and asked God to comfort them in this terrible time of loss.
