“ Gene was truly one of the kindest persons I’ve ever known. For us, he is definitely gone too soon, but God gained an angel in Heaven. We’ll see you one day soon, Gene, and spend eternity in God’s presence. God bless!

“ I first discovered the deep level of Gene’s compassion and commitment when he began fostering for Carolina Border Collie Rescue. With Gene’s help, Penny puppy made her miraculous recovery from parvo and Gene then took her home, making it his mission to find the perfect family for his girl. Gene also was supportive, keeping in contact with me after my husband died. Always ready to listen, to give a kind word, a laugh, to let me know he was there if & when I needed it. I feel privileged to having known him and am deeply saddened that he is no longer among us.

“ We all loved “Uncle Gene,” and his laughter and enormous love of family will be greatly missed at our many gatherings. We could always count on Gene for a fun story — and a plug for Duke basketball whenever he got the chance. :) He was SO very proud of his wonderful kids and their spouses, and was over-the-moon in love with his first grandchild. 💙 A devoted husband and son, loving dad, doting grandpa, fun uncle, and just an all-around great guy... Prayers continuing for comfort for the whole family — we miss you, Gene.

“ Gene was influential in the cycling community in Cary, Apex, and beyond. He was one of the original members of the MSing Links Cycling Team, and donated many hours of his time supporting the National MS Society in its quest to find a cure for multiple sclerosis. Gene helped organize our annual fundraiser rides. He and his kids designed and produced the popular ‘Bicycle Friendly Vehicle’ stickers and sold hundreds throughout the Triangle, raising funds for the MS Society.

As a cycling companion and teammate, he inspired us to push beyond our limits, and aim for higher goals. Many of us will never forget the trips he organized to the Blood Sweat and Gears ride in Boone, and the Beech Mountain Metric.

Gene inspired our annual 'Jersey Mania' leading up to the Bike MS New Bern event, and he designed our distinctive 'Yellow Swarm' cycling jersey which remains as our club kit design today.

On behalf of the MSing Links Cycling Team, Gene - you will always be in our hearts.

“ Gene will be missed. My favorite thing about Gene was how much his family meant to him. Always eager to share photos and then tearing up as he shared life events like weddings, life with Jane and of course being a grandparent.

“ Gene was one of the first people to come up to me when I started at TrialCard and start asking about security. He always stopped me in the hallways and asked some great questions about what he read online and loved to hear some of the interesting things that happens in the cyber security world. Always had a smile and always made you smile. I will miss him and his inquisitive questions. He was a good man.

“ I had the privilege to meet Gene in the Fall of 1982. I was a Freshman and Gene a Senior at R.I.T.. Gene always went out of his way to mentor, advise, and encourage. I will always be grateful to this gentleman (role model) for his freindship. The world was a better place with him in it, my thoughts and prayers go out to his family.

“ I can still hear his laugh!! He was such a kind man. I worked with him at TrialCard and we shared a “cube wall”. He always made me feel welcome and was good about keeping communication going when some of our team moved on to different roles.

Here are some fun pics from those days...

“ Gene impacted in our lives in two important ways. First, he was a major reason we purchased our house which we’ve now lived in for almost 29 years. When we were house hunting, we were checking out the neighborhood and a friendly neighbor ran down to the street to chat with us – it was Gene. We figured with neighbors that nice, it would be a great place to raise a family.

Years later, after he and Jane had move to a new house, I ran into Gene in town and he convinced me to join the MSing Links cycling club. After riding alone for many years, it was a thrill to ride with such a gregarious group! I remember a few times when just Gene and I were riding, he had to stop whenever he saw a turtle in the road to make sure it got across safely.

Gene was a true role model in may ways. We are deeply saddened to hear of his passing.

“ Gene was one of the kindest and giving people that we have ever met. He was always happy to talk to you, ask how things were going, and offer a helping hand. He was the best neighbor and friend. We will miss seeing and talking with him. We are truly better off for having him in our lives and we take solace that he has been welcomed home with the Father in Heaven. Sending our prayers to Jane and the family for comfort.

“ I will always remember Gene as a loving husband, father, grandfather and best neighbor ever. Ivan and I enjoyed his friendship and wanted share share the memories of our trip to Europe on a Viking river cruise. I am so very sad my dear friend was not able to fulfill his dreams of attending the Tour de France in Paris. I will miss him always and know that Casey and Sophie will be missing him as well. God took you too my dear friend, I know he will welcome you with open arms. For Jane, I am sharing a few pictures of your loving and devoted - Gene 💕🙏
