“ Jeff. There are no words that can describe what life will be like without you in it. The world lost such a faith filled and fun loving and devoted man. A true loss.

I am elated that you are no longer in pain or suffering both physically and emotionally. 10 years is a lifetime but you got through it all with true grit and respect from all. You couldn't have done more for your beloved wife. Maurine. Your love and devotion to each other was heartwarming. I imagine you now becoming the joke teller and dog whisperer of heaven. How lucky for all there. I personally look forward to our laughs and long talks when I see you again. To me, you were my protector. My “dad” figure after pop left us. You were my brother, yes, but your ability to listen and advise was much like pop. I hope I helped you the same in return.

There will never be another like you, Jeff. Your superior joke telling, your beautiful guitar playing and singing voice, your your love for sports and your love for family. Especially your grandchildren. I know they were your world. I love and miss you more than words can express. Rest with joy and peace!

Love, Donut.

Maureen: Mike Montgomery (703-919-0838) (former VP 44, Golden Pelican) here, having moved back to West Bath, Maine, in 2017, following a NAVY career and 20 more years as a defense contractor.

I learned of Jeff's passing only recently from Rich Cupp. So sorry to learn the news. While in the squadron, Jeff and I enjoyed many a laugh, both on deployment, and at home in Brunswick! My best memories were flag football games on base against a number of squadrons. We never cared who won or lost. Jeff and I just reveled winning the battle on the line; bloodying up those poor souls who dared to face us on the opposing side! Great times. Of course everyone I know misses Jeff, like I'm sure your entire family does. Deepest, sympathies and Godspeed.
