

John Link

September 6, 1958 - January 4, 2025

It is with great sadness that we announce the passing of John Martin Link on January 4, 2025, after a 2 year battle with leukemia, he was 66 years old. John was born on September 6, 1958, and was a proud graduate of the U.S. Naval Academy, class of 1980. He went on to serve with distinction as a nuclear reactor officer on the USS California and the USS Texas. His dedication to his country and his field of expertise continued long after his time in the Navy, as he spent his career working in nuclear engineering until his passing.

John is survived by his sister, Linda Floyd, brother-in-law Tim Floyd, and his niece and nephew, Christopher Scott Floyd and Elizabeth Floyd. His niece Lauren resides in Washington, D.C., while the rest of the family calls Marietta, GA home. He was deeply loved by his family and will be missed beyond measure.

John had many passions. He loved to read, attend local baseball games, and play soccer. He was also known for his knack for home improvement projects, always finding ways to make his home even more special. Above all, John cherished spending time with his family, particularly during holidays and vacations.

In lieu of flowers, the family requests that donations be made in John's honor to the Leukemia and Lymphoma Society to continue the fight against this devastating disease.

John's legacy of service, love for his family, and dedication to his work will live

on in the hearts of those who knew him.
