“ I will miss seeing Keith every four weeks. I am Keith and Nancy's hairdresser , and I was fortunate enough to have him as my client since they moved to North Carolina. He always was smiling and making fun of my southern accent! We cut up a lot and we both had the same mentality about driving. (I think we both drive fast:) I remember calling them the first time I went to Maine. I couldn't wait to tell them what I saw... he will be a wonderful memory in my mind. Sending my love to Nancy and the whole family! Thanks Keith for your friendship💕💕

“ It's been years since I've seen anyone in your family but I will never forget those memories of the times together with Sandy and Bob and your family. The picnics and pool parties and as neighbors to my sister. I was in grade school when I first met you and Keith. And you've been part of the family of her high school friends as well. Keith was a genuine family man with a lot of humor and love. Sorry to hear of his passing but you will always have those great memories of a great husband and father. Blessings and prayers to all!
