“ *Kent and I would start many mornings at the Bojangles drive through; if he happened to be there first and I was behind him he would buy my breakfast and I would do the same if I happened to be there first. I will truly miss his smile and friendship. I first met Kent nearly 25 years ago when my best friend Herbert Chu told me that Kent's place was the only place he would take his cars for work. Herbert met Kent at the old Hardees: both Kent and Herbert are gone now but I'm sure that they are meeting once again for breakfast in a better place. Please know that my thoughts and prayers are with you.*

“ I have been playing softball with or against Kent since we were in High School. What a competitor he was. After we graduated and he ran the Tire service I went to work with the Town of Apex. Our path would cross often and we would just chat about everything. My prayers of Peace and Comfort to his family. RIP my Friend.
