

Lucy Marie Brooks

November 30, 1941 - September 25, 2023

Lucy Marie Brooks died on September 25, 2023 in Cary, North Carolina after a long battle with multiple malignancies with which she had been struggling for seven years. She had moved to North Carolina in 2007 to be closer to her son and his family after having spent most of her life in Central Florida, mostly in Orlando.

She was born at Orange Memorial Hospital on November 30, 1941, seven days before World War II began for the United States with the attack on Pearl Harbor. She had a successful and productive career as an administrative specialist, working in various insurance and real estate businesses in Florida and then North Carolina.

She will be greatly missed by the many people who knew and loved her. She is survived by her son, Wesley A. Everett and granddaughter Samantha K. Everett, both of Cary NC, her older brother Lonnie D. Brooks and his wife, Adriana P. Brooks, of Anchorage AK, her 98-year-old uncle James William Christian of Apopka FL, and numerous cousins from both sides of her family.

She was predeceased by her parents, Mary Kathryn Christian Brooks and Loney Hinton Brooks, both of Orlando FL.

No memorial service will be held, but the family urges you to celebrate Lucy's

life and the good times you shared with her as you read this.
