“ I love and miss you dearly my friend. Dexter also misses your cuddles and your love for animals will forever be one of your best qualities! Another year without you, but your spirit is always with me.

Patrick was amazing. When you were with him, he always made you feel special. He really was a wonderful, caring, and loving person. He was a giver. He would go out of his way for anyone. He adored his Mom. He told me all the time. You will forever be missed Patrick. I love you my friend.

Lit a candle for Patrick tonight also. He was truly a bright light everywhere he went. Dec. 26th, 2020 was the last time I saw him after we spent Christmas Eve together playing video games. Today I take a moment to remember this bright, shining star who always made me feel special and loved even when I didn't love myself. He was truly a special soul, and I love he knows how loved he is and how I think about him not just today, but everyday!
