“ Although I didn't know him well or for long, I had the pleasure of meeting Patrick while he was subbing for another DJ at a local music bingo. He made the games so fun for everyone. After his work was done, he joined a group of us at another local venue to socialize. He had a great personality and will be missed by all who knew him. My thoughts and prayers go out to his mother and his children during this difficult time.

Thank you, Davida, for such wonderful memory. He and I did have a special relationship especially after I lost my husband Ron. We both missed Ron so much that it brought us closer together. He tried to do things for me that Ron would have done. He was a good son.

“ My first memory of Patrick was as his 4th grade teacher. He was not only a good student but an enjoyable one as he was cooperative and got along well with his peers. Seven or eight years ago we reconnected as his daughter was at Salem Preschool and my granddaughter was also. We had several conversations at registration and in the parking lot and I was so glad to hear about his family and work life. As I now live in Emerald Isle and saw his obituary in the newspaper today, I do not know any details. I am so sorry to learn of his death. Pat, Leigh, and the rest of the family are being remembered in prayer. May the Lord heal the holes in your hearts a little more each day.

Thank you for your prayers our family has been through a lot in the last few years and we can use all the prayers, good thoughts, and just plain good luck we can get. So please continue to remember us especially Ella, Jaxson, and Carson in your prayers.*

“ I am so very sorry for your loss! Words cannot express how heavy my heart is right now. Patrick has held a special place in my heart for the past 31+ years. He always spoke highly of his family and he loved each of you so much. Pat, he loved you so very much and thought you were a great mom. Lee, he was always so proud that you were his sister. He loved you and would protect you like a big brother should. Allison, he was so happy when he decided to propose to you. He was head over heels in love and wanted the world to know it! He loved you and the kiddos so, so much. Patrick will be missed by so many, but his memory will live on in the hearts of family, friends, colleagues, and clients. I pray that God will comfort each of you and help you find peace today and in the days ahead.

Much love,  
Leigh Anne

*Patrick and I were both friends and business competitors at the same time. The funny thing is that we would help each other out as if we actually were business partners! If he got stuck, I wouldn't hesitate to run over to help him and visa versa. He just went out of his way to make sure I had some music I really needed just the other day. I was lucky to have known him and will miss him greatly....*

*Patrick was truly one of a kind! I will always remember his amazing talent show performances from high school as well as his passion for photography and contributions to the yearbook. I think just about everybody has experienced his DJ prowess which has always been a joy. Patrick really went all out in whatever he pursued and was a friend to all. Love and prayers to his family!*
